

Comet 3I-ATLAS Is An ELWE (Extinction Level Warning Event)

1. The Emergency Evacuation Order Has Been Signed (When / What that is - is Not Known)

3. Comet 3I-Atlas fragments will impact the Ocean.

4. Due to its INSANE relative velocity anything over 1 mile in diameter will easily trigger 10.0+ earthquakes. Relative velocity is currently estimated at 59km/s a 1 mile rock will generate a 100-300 meter tsunami, or 400 Megaton in equivalent. 100 km from the impact - wave height will still be 10-50 meters.

5. Comet is under heavy scrutiny. It has glowing FRONT instead of trailing. However it has no evidence of molecules (indicating dust without gas which is very unusual - some suspect this is an alien shield.)

6. Comet is the beginning of the Pain allowed upon the Earth.

7. This will be a sign and a judgement resulting from the Declaration of Palestine during UNRA 90 September 23, 24 2025?

Absolutely HUGE amount of planetary alignments will also be occurring in this window:

8. Israel has Secretly Already Sacrificed a Red Heifer. This will utterly INFLAME the entire Muslim world as it becomes public knowledge.

There will be a very HIGH amount of orbital occlusion for the period leading up to September 23, 24, 2025 (earthquake alignment from gravitational eclipsing.)

In case you don't know there are real studies of the planetary alignments preceding very large earthquakes.

September 19: **Lunar Occultation of Venus.** Venus will pass behind the Moon, disappearing at approximately 12:55 pm BST and reappearing around 2:14 pm BST. This event will be visible from parts of Africa, Western Russia, Canada, Asia, and Europe, including London.

September 21: **Partial Solar Eclipse.** With a magnitude of 0.855, this eclipse will obscure up to 85.5% of the Sun at its peak. It will be visible primarily in Oceania (including New Zealand, Fiji, Tonga, and parts of Australia), Antarctica, and the South Pacific Ocean. The greatest eclipse occurs at 19:43 UTC near coordinates 60°54S 153°30E. In southern New Zealand (e.g., Stewart Island), it will be observable in the morning of September 22 local time, with coverage up to 80%.

September 21: **Saturn at Opposition.** Saturn will be directly opposite the Sun, appearing at its brightest and largest in the sky for the year. This is the optimal time for observation and photography, as it will rise at sunset and remain visible all night.

September 22: **September Equinox** (also known as the autumnal equinox in the Northern Hemisphere). Occurring at approximately 18:17 UTC (7:20 pm BST), the Sun will cross the celestial equator, resulting in nearly equal day and night lengths worldwide (about 12 hours each). This marks the start of autumn in the Northern Hemisphere and spring in the Southern Hemisphere.

The high-level general debate of UNGA 80 will start on September 23rd, 2025 for the formation of Palestine (division of Israel)

Joel 3:2 predicts a future event: 'I will gather all the nations and bring them down to the Valley of Jehoshaphat. There I will enter into judgment against them concerning My people, My inheritance, Israel, whom they have scattered among the nations **as they divided up My land.**'

- Watch which nations vote FOR the division of Israel and watch what happens to them afterwards.

It must be noted that the 100 mile tear in the United States at the Mississippi River - will following the final actual division of Israel into a two-state solution. **This will be setup and orchestrated by Trump.** This was predicted in detail in 2012, which you can watch here. This final full separation of Israel does not look to occur in this September 23,24 2025 window, but at a later date - however the formal governmental declarations in the UN will affect the nations that declare it!

[\[link to www.youtube.com \(secure\)\]](#)

The division of the United States looks timed approximately 3 days after the formal division of Israel. All concrete structures on the edge of the Mississippi are destroyed (30,000 die). Not of fear but of just heeded warning.

If you see your Nation choosing to divide Jerusalem (or Israel) take cover and pray!

Other predictions concerning the world changing forever because of September 23, 24 2025

Troy Black and many others probably have much more information on how to prepare for this.

Comet 3I/Atlas will be blamed for it all - even though it is already known it is going to have MAJOR implications on its earth pass, as it looks like its trajectory is NOT what is being told.
